## ABOUT ME

Hello! My name is Turg'unboyov Shahriyor, a passionate and dedicated programmer from Andijan, Uzbekistan. At 14 years old, I am deeply invested in the world of technology, constantly exploring new ideas and developing innovative projects. My journey in programming began with a curiosity to create and improve digital experiences, and today, I am proficient in both front-end and back-end development.

## MY SKILLS & INTERESTS

I specialize in front-end development, working with technologies like HTML, CSS, SASS, Bootstrap, JavaScript, TypeScript, React, and Vue.js. I also expand my expertise in back-end technologies to build full-fledged applications. Beyond programming, I have a strong interest in cybersecurity and networking, always eager to learn about the latest advancements in the field.

## MY PASSION & GOALS

Coding is not just a skill for me; it's a passion that fuels my creativity and problem-solving mindset. I love bringing ideas to life through software and developing solutions that can make a real impact. In the future, I aspire to become a top-tier software developer, creating innovative applications that improve people's lives and contribute to the tech industry.

## BEYOND CODING

Outside of programming, I enjoy playing football, volleyball, and basketball, finding excitement and teamwork in sports. I also love streaming, exploring new technologies, and engaging in discussions about software development. My curiosity and enthusiasm push me to constantly improve and take on new challenges.
